TO RUSSIA BY LAND.

Wails man is using his intelligence to cut waterways between continents as in the case of the Nicaragua canal. geologists say that nature is slowly but surely building a land bridge to join America and Asia. If you take a map and look at the points mentioned you will see groups of islands which are known to geographers as the Alentan or Aleutian islands, so called Aleutan or Aleutian islands, so called from the Russian word aleut, meaning "a boll rock." If you start from Alaska and imagine that you are a Guilver among the Liliputians, and can step from one island to another, you will see that it would be possible to walk from America to Asia by stepping from one place to another, journeying across the Pac fic from the American possessions to the Russian. But the ordisions to the Russian. But the ordi-cary individual must wait until the conditions are more favorable to his conditions are more ravorable to his mode of locomotion, and nature, auxious to unite the people of the world in common brotherhood, is working to make a path for man. She is filling up the gaps between the islands and making a neck of tirm is n i, along which he can run his railways or run his carts.

The Vakon river is constantly bring. The Yukon river is constantly bring ng debris from the interior and depos

ing it on the coast line, filling up the depths until they become shallow, and are finally transformed into extensions of the solid land to the nearest island and they in turn will be joined to those nearest to them, and so on the process will go until the natural bridge from America to Asia will be an accomplished fact. THE WALTERS INQUEST .- At the inquest at Charlottesville yesterday afteracon on the body of John L. Walters, late treasurer of Coarlottesville, it was clearly developed that the quarrel which ended in Walters' death grew which ended in Walters' death grew out of his suspicion that there was untue intimacy between Mrs. Walters and W. P. Farrar, a saloookeeper. His suspicion had been recently apparently confirmed by an alleged compromising conversation over the phone oetween these two. On Monday he set a watch on his house and learned that Farrar's porter had delivered a basket at his home, and that night, after hinting at an absence from home, he and a man entered the house, and Walters

ing at an absence from home, he and a friend of his concealed themselves near the house to surprise Farrar should be appear there during his absence. A followed him carrying a double-barreled Farrar was really Stuart R. Bailey, Mrs Walters' brother, an employe of Farrar. Mrs. Walters said in her estimony that she had 'phoned to him o come home early that night. Walters said that on entering he expected to did Farrar there and kill him, and after some exchange of words, according to the testimony of Mrs. Walters, ne slap; ed her face so roughly that her nose bled. Then her brother saked Walters what he meant, and Walters, picking up his shotgun, advanced to-ward Bailey, and they clinched. The friend on the outside, hearing Mrs. Walters screaming and scuffling, ran in and tried to separate the men. Walters drew his pistol and fired, Bailey firing next, and both continued shooting until their wespons were emptied. Walters fell dead in the hall, four bullets having pierced vital spote. Bailey had a flesh wound in the arm, a bullet bruise over he heart and another over the abdomen. Walters's weapon was inferior, or both mes would have been killed. The coroner's jury returned a verdict that the deceased came to his death from wounds inflicted by Stuart Bailey. Bailey is under arrest at the Walters

medicine for children sa it contained

Drying preparations simply develop dry caterrh; they dry up the serretions which adhere to the membrane and decempose, causing a far more serious trouble than the ordinary form of caterth. Avoid all drying inhalants and use that which cleanes, soothes and heals. Ely's Cream Ba'm is such a remedy and will ue caterrh or cold in the head easily and pleasantly. All drurgists sell it at 50 cents, or it will be malied by Ely Brothers, 56 Warren st. New York.

Like Oliver Twist, children ask for more when given One Minute Cough Cure. Mothers endorse it highly for crosp. It quickly cures all coughs and colds and every throat and lung trouble. It is a specific for groupe and asthma and has long been a well known remedy for whooping cough.
